From : Responsible brothers
To : The Church and the Churches in Ecuador

Brothers, on January 30th, in fellowship with the brothers in charge of the work in Ecuador and the responsible brothers of the Church in Guayaquil, brothers Jose Bermeo, Luis Maldonado and Stalyn Martinez manifested before us their free will to separate from the spiritual orientation of brother Dong Yu Lan, the orientation that the church in Guayaquil has followed since its beginning. For this reason, the ones who sign the present document, with delegated authority, announce that:

- 1.- We reject the attitude of these brothers.
- 2.- They are temporarily excluded from the fellowship of the church

Because of this we ask the saints:

- 1.- That all would abstain from having fellowship with them so that you are not affected by their attitude.
- 2.- To pray for their repentance.
- 3.- To keep ourselves in subjection and fellowship with the brothers whom the Lord put to lead the church, maintaining fellowship with those that practice the church life under the leadership of the responsible brothers, national coworkers and coworkers for all of South America.

Jesus is our Lord!
