Dear Brother Dong;

Re: Your recent conference in Newton, MA the first weekend of November 2005

We brothers and the churches in the DC area would like to fellowship with you and express our concern regarding your recent conference you held in Newton, MA, the first weekend in November.

We have quite a few Spanish speaking saints that meet regularly in the church in Dunn Loring, VA and Beltsville, MD. There are a number of them that have come and even moved here from different countries in South America, including Brazil. A number have moved here from Puerto Rico, Mexico and Central America. A few among these from South America have a loyalty to you and your ministry.

In the Winter training of December 2004 when the brothers made available to all the saints the quotes of Brother Lee and Nee in the booklet, "Remaining in the Unique New Testament Ministry of God's Economy under the Proper Leadership in His Move" there were a few saints here that did not agree with it, like it and even became somewhat contentious over these quotes. Three of the leading brothers in Dunn Loring had fellowship privately with 2 sisters and 1 brother for over 3 hours about these matters. At the end of this fellowship we asked these saints to please keep their publications (Brother Dong's) to themselves and not to promote or distribute them to the other saints. We believe the churches and the saints in the United States use the ministry of Brother Nee and Lee in the building up of the church, as His Body. As far as we know they have honored this fellowship and we appreciate their action. This fellowship came about because of what I said openly in a Lord's day meeting in January 2005.

The leading ones here in Dunn Loring charged all the saints to read the above mentioned publication of the quotes of Brother Lee and Nee in their group meetings during the week along with The Vision of the Age by Brother Lee. We told all the saints that there were now two other publications in the Lord's recovery that were in competition and rivalry with the LSM publications and that there was no need to read these. We reminded the saints that we have enough life and truth from the publications of Brother Lee and Nee to last us probably more than two lifetimes just in reading, not yet considering how much constitution we have received from this ministry. We believe this is "the ministry of the age" that will build up the one Body of Christ and prepare His Bride for His soon return. We do not need at this time in church history another so called "ministry".

Our complaint and the matter that troubles us deeply is that someone is working behind the scenes promoting your conferences in the US. The churches in this area had no communication either with you, your coworkers, your supporters nor the local brothers who received you for your conference by mail, email or phone. We have never practiced this way in our 34 years in the Lord's recovery. But 5 Spanish speaking saints from Dunn Loring and 5 Spanish speaking saints from Beltsville attended your conference and returned without any of us knowing about it. This kind of activity surely is a sign of independence. The ministry makes it very clear to all of us that independence has its source in the tree of knowledge of good and evil, which results in death. We desire to keep all the saints away from "wild death, mild death, and subtle death". Should not all the churches and the saints "stop first and then fellowship?" But this did not happen with your conference. Some of these Spanish speaking saints are very young in the Lord and have been and are being cared for locally for over 2 years in the ministry of the age and do not even know you. Your conference is already causing confusion here.

We plan to find out (we think we know at least 2 of them) who got this information, promoted it, and took these local saints to your conference without any fellowship with any of the leading brothers. We will ask them to stop this and not do it again. We hope this is as far as we will need to go. The other Spanish speaking saints that now know and have heard about this conference are very troubled.

We do not feel this builds up the Body in oneness with the blending of all the saints. Does not this kind of action on your part and those participating with you indicate a "separate work" in the Lord's recovery? It seems to us you are seeking "followers" to your ministry in the US and Canada apart from the move of the Lord and the churches who are practicing the oneness of the Body. Please do not take the excuse that you did not ask for this conference and you have no responsibility before the Lord about this. Even if the local brothers promoted it you should be careful that you do not cause problems and in the end this will issue in confusion, offenses and division. For the sake of the Lord, His Body and His move on this earth in oneness we would like to ask you please do not practice this way anymore.

We are sending a copy of this letter to the leading ones in the church in Newton and hope they also will have the courtesy, willingness, and openness not to cooperate with this kind of activity in the future. We believe this kind of activity does not promote the oneness, one accord, or building up of the Body of Christ. I have done the best I can to convey the local brothers feeling, bothering and concern over this matter.

My understanding through the fellowship of the blended coworkers is that none are happy with your publications or you having conferences in the US at this time. We hope you will honor this fellowship in the future.

Our honest fellowship as a concerned brother in Christ,

Robert Little
